

1-10-10

Thank You So much for
our new Furnace, wow what a
big blessing this is to our home.
We have all been sick off & on all
season, our old Furnace just didn't
work properly. And we see such a big
change with the new one, we can't
say thank you guys enough, your
team was great, and did a
awesome job,

My son in Afghanistan - he is a
Army Ranger he called on Saturday, I told
him what had happened & he dropped to his
knees and had to gather himself and was
Thanking God, his buddies came running
thinking that surely he had come home, and he
said no guys - my man got a Furnace, one less thing
that I have to worry about, which I don't want him to
worry, I want him to be cared for over there, He had
9 guys around him saying praise, talk about tears
over →

And caring people like I am
thankful he has guys, and himself
that thank God and believe. Thanks
to God, Thanks again for your
support and help.

Sincerely

Terry
Bodgett
